Quantum Blockchain Technologies Plc
("QBT" or "the Company")

Notice regarding US Patent Application

Quantum Blockchain Technologies plc (AIM: QBT), the AIM-listed investment company focused principally on a research and development ("R&D") programme within blockchain technology, notes that information has become publicly available via USPTO records indicating that a Notice of Allowance has been issued by the United States Patent and Trademark Office ("USPTO") in respect of the Company's patent application titled "Message Scheduling for Cryptographic Hashing" (US Application No. 18/696,073), also referred to by the Company as "ASIC Ultra Boost."

The Company is in the process of confirming the details of this development with its UK and US patent attorneys and will make a further announcement as soon as it is in a position to do so.
